Dear Grant,

The International Society of Barristers enjoyed their evening with you and Jane July 22, 2006 at the Diamond Cross Ranch.

The horse demonstration was outstanding and presented in a manner that kept the attention of the group from beginning to end. The audio was great and your speaking voice easily understood as you led us through the various processes in taming and training a horse your way.

And I should mention, we ate and drank well too. In total, it was a most pleasant, relaxing, entertaining, educational experience for our group.

Thank you!
